Donated by Bonnie O App

Botanical Cyanotype in Frame

Documenting plants links art and science, from 16th-century drawings to 19th-century cyanotypes, highlighting the beauty and fragility of plant life and the need for a healthy environment. Bonnie's botanical and cyanotype work draws on this tradition, aiming to inspire appreciation for nature and encourage environmental care. Through her art, she hopes to inspire a deeper appreciation for the natural world and encourage efforts to care for the environment we all rely on.
